- These LLC's will hold purchases - all be encumbered by Main Trust
- The LLC's will buy our purchases with the money that comes first from Main Trust and "looks" like we "owe" for it.
- The Main Trust holds the lien on our purchases so no law suits can be placed on our purchases i.e if auto wreck takes place etc.
- You will be paying yourself back by the trusts owing the Main Trust.

The God Foundation is run by You. All profits from Main Trust flow to Little Trust & to the foundation. This leaves no profit to be taxed in Main Trust & make the foundation a 501c3. It is required to give 5% of its profits to other charities each year. (That is not an issue as most of its profits will be given out as God leads)
